

MEMORANDUM

DATE: October 1, 2015
TO: Members of the Michigan Legislature
FROM: Steve Arwood
CEO
SUBJECT: FY 2015 MEGA Annual Report

Section 10 of Public Act 24 of 1995, being MCL 207.810, requires an annual report of the activities of the Michigan Economic Growth Authority (MEGA) to the Michigan Legislature. Pursuant to this requirement, attached is the Fiscal Year 2015 report.

If you have any questions regarding the information in this report, please contact our Office of Legislative Affairs at 517.335.1847.

MEGA FY 2015 Report to the Michigan Legislature

Narrative

As required by Public Act 24 of 1995, as amended, and PA122 of 1941, as amended, below are statements that address the reporting requirements for the Michigan Economic Growth Authority (MEGA) fiscal year (FY) 2015 beginning October 1, 2014 and ending September 30, 2015.

With the repeal of the Michigan Business Tax (MBT) and the transfer of the MEGA to the Michigan Strategic Fund by Executive Order 2012-09, there were no MEGA agreements executed in FY 2015, and with the repeal no authority exists to award new tax credits against the MBT.

In the FY 2015 reporting year, the MEGA issued 192 tax credit certificates. All MEGA Annual Certificate Applications supporting documentation are reviewed for compliance prior to approval. After being reviewed, approved, and issued a tax credit certificate, the company is responsible for attaching the signed MEGA Tax Credit Certificate to its MBT filing to obtain a credit or refund, depending on its tax liability, from the Michigan Department of Treasury.

As in previous years, companies were asked to include their job creation numbers even if they did not meet the MEGA requirements and did not receive a tax credit certificate. The "Did Not Qualify" (DNQ) notation on the *MEGA Total Jobs & Investment Reported for Each Year* report that is attached signifies that the company filed a DNQ form and reported their job creation number but was ineligible for a credit certificate. This information is submitted by the company voluntarily. The amount of capital investment made by each company is reported voluntarily for the majority of MEGAs and is a statutory requirement for MEGA Retention credits.

Companies that have received a standard credit and a retention credit for one project are noted in the *MEGA Total Jobs & Investment Reported for Each Year* report in the same tax year. It is possible for a company to collect a Retention credit and not the Standard credit, but it is not administratively possible for a company to collect on the Standard credit and not the Retention credit. Companies that have received both credits are reported in one year on two separate lines, showing the job creation on one line and the job retention on the next line.

Although the MEGA program is a tax year program, job creation and job retention data found in the reporting is for a company's tax year, which varies among companies, rather than Michigan's fiscal year. The jobs reported for a particular year are the total jobs created and/or maintained for that tax year. Many companies receive extensions to file their MBT forms; thus Business Compliance staff may receive an Annual Certificate Application for a MEGA tax credit up to four years after the company's actual tax year has ended.

No new MEGAs were approved in FY 2015. Therefore, this report does not contain information regarding corporation directors and officers of similar positions within limited liability companies, or fees, donations or other payments as this information was collected and reported in past annual reports for newly approved MEGAs.

Below is a synopsis of the program measurements:

Jobs created/maintained (excludes retention jobs) in 2013:	21,162
Jobs created/maintained (excludes retention jobs) in 2014:	12,282
Jobs created/maintained (excludes retention jobs) in 2015:	235

Required capital investment under the retention portion of the program:

Capital investment in 2013:	\$2,103,977,594
Capital investment in 2014:	\$ 28,561,309

Total of all capital investment, including required retention reporting (see above) and that submitted voluntarily:

Total capital investment in 2013:	\$2,951,986,395
Total capital investment in 2014:	\$ 163,122,065
Total capital investment in 2015:	\$ 209,157
