

MICHIGAN STRATEGIC FUND

MEMORANDUM

DATE: October 1, 2019

TO: Members of the Michigan Legislature

FROM: Jeff Mason
President, Michigan Strategic Fund

SUBJECT: FY 2019 MEGA Annual Report

Section 10 of Public Act 24 of 1995, being MCL 207.810, requires an annual report of the activities of the Michigan Economic Growth Authority (MEGA) to the Michigan Legislature. Pursuant to this requirement, attached is the Fiscal Year 2019 report.

If you have any questions regarding the information in this report, please contact our Office of Government Relations at 517.335.1847.

MEGA FY 2019 Report to the Michigan Legislature

Narrative

As required by Public Act 24 of 1995, as amended, and PA122 of 1941, as amended, below are statements that address the reporting requirements for the Michigan Economic Growth Authority (MEGA) fiscal year (FY) 2019 beginning October 1, 2018 and ending September 30, 2019.

With the repeal of the Michigan Business Tax (MBT) and the transfer of the MEGA to the Michigan Strategic Fund by Executive Order 2012-09, there were no MEGA agreements executed in FY 2019, and with the repeal no authority exists to award new tax credits against the MBT.

In the FY 2019 reporting year, there were 63 MEGA tax credit certificates issued. All MEGA Annual Certificate Applications and supporting documentation are reviewed for compliance prior to approval. After being reviewed, approved, and issued a tax credit certificate, the company is responsible for attaching the signed MEGA Tax Credit Certificate to its MBT filing to obtain a credit or refund, depending on its tax liability, from the Michigan Department of Treasury.

As in previous years, companies were asked to include their job creation numbers even if they did not meet the MEGA requirements and did not receive a tax credit certificate. The "Did Not Qualify" (DNQ) notation on the *MEGA Total Jobs & Investment Reported for Each Year* report that is attached signifies that the company filed a DNQ form and reported their job creation number but was ineligible for a credit certificate. This information is submitted by the company voluntarily. The amount of capital investment made by each company is reported voluntarily for the majority of MEGAs and is a statutory requirement for MEGA Retention credits.

Companies that have received a standard credit and a retention credit for one project are noted in the *MEGA Total Jobs & Investment Reported for Each Year* report in the same tax year. It is possible for a company to collect a Retention credit and not the Standard credit. Companies that have received both credits are reported in one year on two separate lines, showing the job creation on one line and the job retention on the next line.

Although the MEGA program is a tax year program, job creation and job retention data found in the reporting is for a company's tax year, which varies among companies, rather than Michigan's fiscal year. The jobs reported for a particular year are the total jobs created and/or maintained for that tax year. Many companies receive extensions to file their MBT forms; thus Compliance staff may receive an Annual Certificate Application for a MEGA tax credit up to four years after the company's actual tax year has ended.

As no new MEGAs were approved in FY 2019, this report does not contain information regarding corporation directors and officers of similar positions within limited liability companies, or fees, donations or other payments as this information was collected and reported in past annual reports for newly approved MEGAs.

Below is a synopsis of the program measurements for the FY2019 issued certificates:

Jobs created/maintained (excludes retention jobs) in 2013:	43
Jobs created/maintained (excludes retention jobs) in 2015:	385
Jobs created/maintained (excludes retention jobs) in 2016:	374
Jobs created/maintained (excludes retention jobs) in 2017:	7,818
Jobs created/maintained (excludes retention jobs) in 2018:	3,102

Total of all capital investment including retained project investment submitted:

Capital investment in 2014:	\$ 11,703,172
Capital investment in 2015:	\$ 7,624,446
Capital investment in 2016:	\$ 13,470,202
Capital investment in 2017:	\$3,019,656,102
Capital investment in 2018:	\$2,731,882,870

NOTE: The figures above represent applications approved through 9/30/2019. The figures are updated each year based on the applications received.
